## **Round Robin and Playoff Format**

- All Round Robin and Playoff matches shall consist of rally point scoring to the best two of three games. The first two games are played to 25 points with no cap. The third game to 15 points with no cap.
- If there are ties after the Round Robin, the Volleyball Canada Tie Breaking Procedure will be used. (see below).
- Teams will be asked to provide 1 line judge per game.
- All teams will need to bring their own volleyballs for use in warm-ups.
- Games will start earlier when possible, so teams will need to pay attention to tournament times; but warm-ups will be at least 15 minutes.
- Teams will be given a 5 minute general warm-up, then a 5 and 5 warm-up (including serving) will be given to each team.
- The East gym of Hugh Sutherland School will be open as an extra warm-up area, but players must be supervised by their Coach. Please be courteous in sharing this facility.
- Two change rooms at each venue will be provided for teams throughout the tournament.

## Volleyball Canada Tie Breaking Procedure

If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order:

- a) The team having the best ratio of won/lost matches, considering only matches played between the tied teams, will be ranked higher;
- b) The team having the best ratio of won/lost games, considering only matches played between the tied teams, will be ranked higher;
- c) The team having the best ratio of won/lost games, considering all matches of the round, will be ranked higher;
- d) The team having the best ratio of points for/against, considering only games played between the tied teams, will be ranked higher;
- e) The team having the best ratio of points for/against, considering all games played during the round, will be ranked higher;
- f) Any game needed to break ties will be a single game, rally point scoring to 25 points with a two point difference to determine placing (Friday – 9:30 pm).

When you apply this rule to break a tie you should follow this sequence.

1. When two teams are tied, the tie-breaking criteria are applied one after the other until the tie has been broken.
2. When three or more teams are tied, the tie-breaking criteria are applied one after the other until all the tied teams have been ranked.

**Note:** This means that if there is a tie among teams X, Y and Z and criteria “b” is able to determine X as first, Y as second and Z as third, then no further criteria are to be used. The tie is broken.

However, if criteria “b” determines the seeding/ranking of any of the tied teams, then the remaining teams, which are still tied will use criteria “c” and so on to determine the seeding/ranking. Do not start at “a” again. Continue through the sequence of criteria using the results of teams X, Y, and Z for criteria “d”.

\*Matches or games between tied teams [steps a), b) and d) above] means that only matches or games involving tied teams should be included in the calculations. Steps c) and e) use all matches or games in the round robin to determine rankings of the tied teams. Ratios are calculated using won/lost ratio, not lost games/games won.
